## What is this product?

### Type

The product is a UCITS sub-fund of an open-ended investment company with variable capital under the laws of Ireland. The fund is a UCITS ETF.

### Term

This product is an open-ended fund without predefined maturity. You may request the redemption of shares generally on each valuation date. The company may, however, suspend the redemption if extraordinary circumstances appear to make this necessary, taking into account the interests of the investors. Further, the company may restrict the redemption. The product may be redeemed early in certain circumstances as set out in the sales prospectus. The 1C share class of Xtrackers Floating Rate Notes Active UCITS ETF was launched in 2025.

### Objectives

The fund is actively managed. The fund is not managed in reference to a benchmark. **INVESTMENT OBJECTIVE:** The objective of the investment policy is to achieve before fees and expenses an excess return over a benchmark reflecting the performance of EUR-denominated, investment grade floating-rate notes with a maturity of up to three years through investment in fixed income securities. **INVESTMENT STRATEGY:** The fund: i) will invest primarily in floating rate notes issued by issuers contained in the iBoxx EUR FRN Investment Grade 0-3 Capped Index (Performance Benchmark) (Benchmark Issuer Securities); and ii) may also invest from time to time in other fixed income securities, money market instruments, collective investment schemes or other ancillary liquid assets which may include bank deposits, certificates of deposit, fixed or floating rate instruments, commercial paper, and freely transferable promissory notes, for purposes including, but not limited to, investing temporary cash balances and efficient portfolio management in accordance with the Investment Restrictions (together with the Benchmark Issuer Securities, referred to as the "Invested Assets"). The fund does not target any particular level of outperformance of the Performance Benchmark. Investors should note that any outperformance may be minimal, may be negatively impacted by fees and may ultimately be unachievable. The investment manager for the fund is DWS Investment GmbH. The sub-portfolio manager is DWS Investments UK Limited. Both the investment manager and sub-portfolio manager will be responsible for the day-to-day investment management of the Fund, including the allocation of the Invested Assets and cash re-investments. The selection of the Invested Assets may be based on in-depth analysis of various indicators including, but not limited to, analysis of: Relevant industries, the issuer, instrument specific characteristics, and or macroeconomic and market conditions. **INVESTMENT POLICY:** The fund may employ techniques and instruments in order to manage risk, reduce costs and improve results. These techniques and instruments may include the use of financial contracts (derivatives). **FURTHER INFORMATION:** Certain information (including the latest share prices of the fund, indicative net asset values and full disclosure on the composition of the fund's portfolio) is available on your local DWS website or at [www.Xtrackers.com](http://www.Xtrackers.com). The return of the product is reflected by the daily calculated net asset value per unit and the distribution amount if applicable. The currency of the fund is EUR. Returns and gains are not distributed but are reinvested in the fund. This fund is a sub-fund of Xtrackers (IE) plc for which the sales prospectus and the periodic reports are prepared as a whole in addition to individual supplements per sub-fund. The assets and liabilities of each sub-fund are segregated by law. As a result, assets of one sub-fund are not available in the event of claims against or insolvency of another. More share classes may be available for this fund - please refer to the relevant section of the supplement for further details. You are not permitted to exchange your shares in this fund for other funds of Xtrackers (IE) plc. The depositary is State Street Custodial Services (Ireland) Limited, Ireland. More detailed information of this fund, such as the sales prospectus and supplement as well as the latest annual and semi-annual report, can be obtained free of charge online at [www.etf.dws.com](http://www.etf.dws.com). These documents are available in English or German. The documents as well as other information (including the latest share prices) are available free of charge.

### Intended retail investor

The fund is designed for: (i) retail clients with (ii) basic knowledge and experience and (iii) are prepared to accept the level of risk indicated below (including losses up to the total invested amount). A typical investor will have (iv) a short-term investment horizon (one year). The fund is suitable for (v) general capital accumulation (growth).

## What are the risks and what could I get in return?

### Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you. We have classified this product as 1 out of 7, which is the lowest risk class. This rates the potential losses from future performance at a very low level, and poor market conditions are very unlikely to impact the capacity to pay you.

**The following is applicable if you subscribe for or settle shares in a different currency than the fund or share-class currency: Be aware of currency risk. You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.**

The following risks could be of particular significance for the fund: Credit risk, Derivatives risk, Bonds risk, Conflicts of interest risk, Interest rate risk, Active Fund risks. A more detailed description of risks and other general information can be found in the risk section(s) of the sales prospectus and supplement. You may lose some or all of your investment. Your risk is limited to the amount invested. This product does not include any protection from future market performance so you could lose some or all of your investment.

## Performance Scenarios

What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios shown are illustrations using the worst, average and best performance of the product and a suitable benchmark over the last 10 years. Markets could develop very differently in the future.

<b>Recommended holding period:</b>		1 year
<b>Example Investment:</b>		10.000 EUR
<b>If you exit after 1 year</b>		
<b>Scenarios</b>		
<b>Minimum</b>	There is no minimum guaranteed return. You could lose some or all of your investment.	
<b>Stress</b>	<b>What you might get back after costs</b> Average return each year	9,630 EUR -3.7 %
<b>Unfavourable</b>	<b>What you might get back after costs</b> Average return each year	9,760 EUR -2.4 %
<b>Moderate</b>	<b>What you might get back after costs</b> Average return each year	10,030 EUR 0.3 %
<b>Favourable</b>	<b>What you might get back after costs</b> Average return each year	10,450 EUR 4.5 %

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. The stress scenario shows what you might get back in extreme market circumstances. For the recommended holding period the following applies: This type of scenario (Favourable, Moderate, Unfavourable) occurred for an investment - possibly with reference to iBoxx EUR FRN Investment Grade 0-3 Capped Index - between (Favourable: 28.04.2023-30.04.2024, Moderate: 29.01.2016-31.01.2017, Unfavourable: 30.11.2017-30.11.2018).

## What happens if DWS Investment S.A. is unable to pay out?

The assets of the fund are kept separately from those of the management company, DWS Investment S.A.. An insolvency or default of the management company should not result in the fund suffering any financial loss in relation to its assets. On the insolvency or default of the depository State Street Custodial Services (Ireland) Limited, Ireland securities held by the depository on behalf of the fund should be protected but the fund may suffer loss in relation to cash and certain other assets which are not protected. Cash deposits of the fund deposited with other credit institutions may cause investors to suffer a financial loss if such deposits are not covered by any existing deposit guarantee schemes. Investment in the fund is not covered by any investor compensation or guarantee scheme.

## What are the costs?

**The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.**

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product and how well the product does. The amounts shown here are illustrations based on an example investment amount and different possible investment periods. We have assumed: In the first year you would get back the amount that you invested (0 % annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario. 10.000 EUR is invested.

	<b>If you exit after 1 year</b>
Total costs	18 EUR
Annual cost impact (*)	0.2 %

\*This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 0.5% before costs and 0.3% after costs.

We may share part of the costs with the person selling you the product to cover the services they provide to you. They will inform you of the amount.

### Composition of costs

Transaction costs	0.06 % of the value of your investment per year. This is an estimate of the costs incurred when we buy and sell the underlying investments for the product. The actual amount will vary depending on how much we buy and sell.	6 EUR
<b>Incidental costs taken under specific conditions</b>		
Performance fees	We do not charge a performance fee.	0 EUR

Secondary market investors (those who buy or sell shares on a stock exchange) may be charged certain fees by their stock broker. These charges, if any, can be obtained from such stock broker. Authorised participants dealing directly with the fund will pay the transaction costs related to their subscriptions and redemptions.

## **How long should I hold it and can I take money out early?**

---

### **Recommended holding period: 1 year. The product has no minimum holding period.**

This product has no required minimum holding period. The recommended holding period has been selected due to its investment strategy and because it is designed for a short term investment horizon. It is expected that it will be possible to achieve the investment objective of the fund within this time frame. You may request the redemption of shares generally on each valuation date. No fees or penalties will be charged by the company for any such transaction.

There is no change on the risk return profile when you redeem your shares early.

## **How can I complain?**

---

Complaints about the behaviour of the person who advised you on the product or sold it to you, should be addressed directly to that person. Complaints about the product or the behaviour of the manufacturer of this product should be directed to the following address:
