

- Counterparty Risk: this risk is associated with the ability of a counterparty in an Over The Counter financial transaction to fulfil its commitments like payment, delivery and reimbursement.
 - Risk linked to derivatives: the use of derivatives can amplify fluctuations in the value of investments, thus increasing the volatility of returns.
- For additional details regarding the risks, please refer to the prospectus.
This Product does not include any protection from future market performance so you could lose some or all of your investment.

Performance Scenarios

The figures shown include all the costs of the Product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back. What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate and favourable scenarios presented represent examples using the best and worst performance, as well as the average performance of the Product and/or appropriate benchmark over the last 10 years. The markets could develop very differently in the future. The stress scenario shows what you might get back in extreme market circumstances.

WHAT HAPPENS IF BNPP AM LUXEMBOURG IS UNABLE TO PAY OUT?

The SICAV is incorporated as a separate entity distinct from BNPP AM Luxembourg. In the event BNPP AM Luxembourg would default, the assets of the Product/SICAV, held by a depositary, would not be affected by this default.
In case of default of the depositary, the risk of financial loss of the Product/SICAV is mitigated by the legal segregation of the assets of the depositary from those of the Product/SICAV.

WHAT ARE THE COSTS?

The person advising on or selling you this Product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the Product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year, you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the Product performs as shown in the moderate scenario.
- EUR 10,000 is invested.

	If you exit after 1 year	If you exit after 5 years
Total Cost	9 EUR	63.56 EUR
Annual Cost Impact (*)	0.09%	0.10% each year

(*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 7.21% before costs and 7.11% after costs.

Composition of costs

One-off entry or exit costs	If you exit after 1 year

Exit costs (*)	We do not charge an exit cost.	0 EUR
Recurring costs levied annually		
Management costs and other administrative and operating costs	0.09% of the value of your investment per year. The amount is based on an estimate of the charges that will be taken out of your money.	9 EUR
Transaction costs	There are currently no transaction costs for this Product. This is an estimate of the costs incurred when we buy and sell the underlying investments for the Product. The actual amount may vary. This figure is therefore indicative and may be revised upwards.	0 EUR
Incidental costs taken under specific conditions		
Performance fees	There is no performance fee for this Product.	0 EUR

(*) We do not charge an entry or exit cost on the secondary market. Retail investors who are neither authorised participants nor authorised investors will indeed generally be able to buy or sell shares only on the secondary market where shares of the Product are traded with the assistance of an intermediary (e.g. a broker). In this case, those investors may incur fees and costs which are payable to the intermediary but not charged by the Product itself or its Manufacturer. You can find this out from your financial adviser. It shall be noted that the prospectus describes the maximum costs applicable on the primary market usually for authorised participants and authorised investors and/or in exceptional circumstances.

HOW LONG SHOULD I HOLD IT AND CAN I TAKE MONEY OUT EARLY?

Recommended holding period ("RHP"): 5 years.

The RHP has been defined and based on the risk and reward profile of the Product.

Investors are able to redeem on a daily basis (on Luxembourg bank business days) as described in the prospectus.

Any redemption occurring before the end of the RHP may adversely impact the performance profile of the Product. The Product has a share redemption cap scheme that allows redemption requests to be postponed in exceptional circumstances and in accordance with the conditions set out in the Product's prospectus.

In addition, the investor's subscription or redemption order may be subject to an anti-dilution levy (maximum 0.3% for subscription and maximum 0.7% for redemption) paid to the sub-fund in order to cover transaction costs.

HOW CAN I COMPLAIN?

For any claim, you are invited to contact your usual relationship manager that advised you on the Product. You can also contact BNPP AM Luxembourg, as described on its website www.bnpparibas-am.lu (Footnote 'Complaints management policy'), by sending an email to amlu.complaints@bnpparibas.com or by writing to BNPP AM Luxembourg - Client Services - 60, avenue John F. Kennedy L-1855 Luxembourg.
